

GARDEN & SWINGING PATIO DOORS

SUNRISE GARDEN DOOR CONFIGURATION OPTIONS

Sunrise Garden Patio Doors are built as follows: One door is fixed and the other opens inwards as viewed from the exterior. The door that opens is hinged on the center, with a standard rolling screen. Optional dual hinged doors, with one door designated as the most commonly opened door, are available. Additional options include: 3 or 4 panel systems, Outswing systems, Hide-Away Screen systems.

GARDEN DOOR STYLE OPTIONS

Single touch adjustment opens or closes the blinds. Can paint or stain lever controls. Cycle tested to ensure trouble-free operation. Includes tilt and turn option.

Shades are sealed between tempered safety glass. Single touch controls easily raise and lower internal shade. Lift from the bottom, lower from the top, or both.

PLEASE NOTE: Some hardware restrictions apply to 5' systems. Glass will be offset to accommodate standard drilling. Thirty-nine designer paint colors and custom paint options are available. Please see Full Line Catalog for additional details.
